Biopsy - Accept or Decline (\$150 per site)

Dr. Fred Schneider / Dr. Kristen Endsley/ Dr. Samantha Monier

Our greatest concern is the well being of your pet. The doctor will perform a physical examination before administering anesthetic agents. Anesthesia carries some risk, even though it may be small. Blackhorse Animal Hospital's doctors and staff utilize safe anesthetic protocols for all of our patients. Some patients, due to age, or pre-existing conditions will already have received an estimate that includes blood work and IV fluids. All patients will receive minimum blood work. **however, we recommend for our geriatric pets with existing conditions the bloodwork option below. This bloodwork provides a more thorough screening but for an additional cost.**

The blood work option below provides a more thorough screening for an additional cost.
