Owner:

Client #:

Patient:

Breed:

Age:

Sex:

When any dental procedure is being performed, it is important to know the degree of periodontal disease. This is often best assessed when the pet is under anesthesia. At this time, diseased teeth are often found which could require extractions. Please initial the line below to authorize the extraction of any diseased tooth.

_____ Do whatever is needed to give my pet a healthy mouth.

_____ Call me for approval of any procedure or extraction not previously discussed with me or included in my dental estimate. If I cannot be reached, I understand that my pet will be awakened and a second anesthesia and dental may need to be scheduled.

_____ Do not do any procedures beyond what has already been estimated and approved by me.

Note: If my pet has any extractions we will send home pain medication at an additional charge.

Our greatest concern is the well being of your pet. The doctor will perform a physical examination before administering anesthetic agents. Anesthesia carries some risk, even though it may be small. Blackhorse Animal Hospital's doctors and staff utilize safe anesthetic protocols for all of our patients. Some patients, due to age, or pre-existing conditions will already have received an estimate that includes blood work, IV fluids, or take home pain medication. All patients will receive minimum blood work; however, **we recommend for our geriatric pets with existing conditions the bloodwork option listed below. This bloodwork provides a more thorough screening but for an additional cost.**

The blood work option below provides a more thorough screening for an additional cost.

Catalyst Chem 17 Clip \$50.00 Accept or Decline

(All pets will receive IV fluids to maintain blood pressure; reduces post-operative renal failure, and provides immediate access to heart, should an emergency occurs. **Note: Your pet's hair will be clipped for catheter placement.**)

While your pet is in the clinic, would you like the following additional services performed?

Toe Nail Trim..... \$5.00 (Reg. \$15.00) Accept or Decline

Ear Cleaning	\$5.00 (Reg. \$10.00)	Accept or Decline
Anal Glands.....	\$5.00 (Reg. \$15.00)	Accept or Decline
Microchip\$45.00 (Reg. \$56.00)	Accept or Decline
Fecal Analysis	\$23.00	Accept or Decline
Heartworm Test	\$38.00	Accept or Decline

Does your pet need any heartworm prevention or flea prevention to go home?

Are there any concerns or questions regarding your pet that you would like to discuss with the doctor? _____

Is your pet on any medications? Any sensitivities or allergies to any medications (oral or injectable)?

All current/ new patients are required to have physical yearly exam, with our Doctor within one year, at an additional cost of \$63.00. _____ Int.

All patients left in our care for any reason must be current on Rabies, DHLPP and Bordetella. If proof of vaccination is not available, I give my permission for the staff of Blackhorse Animal Hospital to update my pet's vaccinations.

According to our records your pet will be due for; Rabies, Distemper, Hepatitis, Leptospirosis, Parainfluenza, Parvo, Bordetella, Canine Influenza H3N8, Canine Influenza H3N2

I have been advised as to the nature of the procedure or surgery described above and the risks involved. I authorize the use of appropriate anesthetics and medications that are needed to perform these procedures or surgeries. I realize that results cannot be guaranteed, I further realize that I am responsible for full payment at time of discharge. I understand that unforeseen conditions may extend the procedures or surgeries and that if this happens, Blackhorse Animal Hospital staff will try to contact me to discuss these conditions. If I cannot be reached, I consent to having Blackhorse Animal Hospital take the steps necessary to help ensure the safe care of my pet.
